THANKSGIVING SONG

By Samuel Parker

He Hath Made Us a Great Nation

(Air: "When the Roll is Called Up Yonder")

As gladly we go forward upon our pilgrimage,
Our voices let us blend in joyous song
To our Father God who gives us such goodly heritage;
Our homage and our praise to Him belong.

Chorus

We will praise His name forever (evermore),
We will praise His name forever (evermore),
We will praise His name forever,
We will praise his holy name forever more.

His powerful hand sustained us when struggling to be free;
A weak and feeble Nation at our birth;
His Providence now orders our grander destiny
Among the Mighty Nations of the earth.

Chorus

In loyalty declaring He over us shall reign,
And fully to His favor thus restored
His promises assure us that we shall e'er remain
A Nation free whose Sovereign is the Lord.

Chorus

Glendale Cal., Nov. 28, 1918.

THANKSGIVING

A special from Washington, D. C., of recent date, says:

President Wilson, in a proclamation today, designated Thursday, November 28, as Thanksgiving Day and said this year the American people have special and moving cause to be grateful and rejoice. Complete victory, he said, has brought not only peace, but the confident promise of a new day as well, in which "justice shall replace force and jealous intrigue among the nations."

The proclamation follows:

By the President of the United States of America

A PROCLAMATION.

It has long been our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has in his good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right.

Complete victory has brought us not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not marred or stained by another purpose of selfish aggression. In a righteous cause they have won immortal glory and have nobly served their nation in serving mankind.

God has indeed been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us, in which our hearts take new courage and look forward with great hope to new and greater duties.

While we render thanks for these things, let us not forget to seek the Divine guidance in the performance of those duties, and Divine mercy and forgiveness for all errors of act or purpose and pray that in all that we do we shall strengthen the ties of friendship and mutual respect upon which we must build the new structure of peace and good will among nations.

Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday the twenty-eighth day of November next as a day of thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary occupation and in their several homes and places of worship to render thanks to God the ruler of nations.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this sixteenth day of November in the year of our Lord, one thousand, nine hundred and eighteen, and of the independence of the United States of America, the one hundred and forty-third.

(Signed) WOODROW WILSON.

By the President.

Secretary of State.

CALIFORNIA WAR HISTORY

The State Council of Defense has appointed a War History committee. This committee is compiling a biography of Californians in the service.

To insure its success, the co-operation of the public is needed, and the libraries have been asked to help secure this.

Everyone who has a friend or relative in the service is requested to obtain a blank form of soldier's record card, fill it out and forward to the California War History Committee, State Council of Defense, Sacramento, together with a late photograph of the soldier, in uniform if possible.

An ample supply of these blank forms has been forwarded to the Branch Library so that any of the friends or relatives of Tropico boys in the service can obtain them.

Everyone is urged to do his part in making this record a complete one.

PEACE AND FOOD CONSERVATION

The certain prospect of peace does not mean that food conservation must cease. The food administration is to continue until the peace treaties have been actually signed and the troops demobilized. The world's need of food will be very urgent for a long time to come.

Through the Library Publicity Director for California, Mrs. Frances L. Carlton-Harmon, the libraries are urged to aid as much as possible in this campaign of conservation.

A new home card is soon to be issued by the Food Administration, and in the meantime it is desired that the public be aroused to the importance of giving their hearty co-operation by following its instructions.

It is now not a matter of substitutions, but a question of conserving all food products so that the maximum of health and efficiency may be obtained with the minimum amount of food.

It is not desired that people should go without food which they really need, but that every bit of food eaten should be made to count. To accomplish this it is necessary to make a careful study of food values and the proper balancing of different articles of diet so that all the elements needed by the body may be supplied.

As a help in the pursuit of this study, the Branch Library has on file the leaflets and bulletins issued by the Food Administration, economical recipes, and the following books:

Eating for Health and Efficiency, Alsaker.

How to cut food costs, Cooper.

Eat and be well, Christian.

Camp Cookery, Keppart.

Chemistry of the Household, Dodd.

Principles of Cookery, Barrows.

Food and Dietetics, Norton.

SCHOOLS OPEN MONDAY

Mrs. Charles H. Toll, chairman of the Board of School Trustees, stated Friday morning that schools would probably open Monday. Although it is not certain that this would be done, it is expected that the Board will order the schools open,.

FAIR TO OPEN SOON

A representative of the California Liberty Fair visited the Press office on Thursday, and stated that the fair would open as soon as the Los Angeles health authorities lift the ban on public gatherings. The date has been definitely set at least twice, now, and then postponed, so this time the fair officials have not set a day, but will be ready to start off the big show with a vim when permission is given.

THE INFLUENZA SITUATION IN GLENDALE

Eleven cases of influenza have been reported in Glendale in the past two days, and the churches, theatre and high school have been open now for a week. During the height of the epidemic, forty, fifty and sometimes sixty cases were reported in a single day. It seems that the lifting of the ban in Glendale was a good thing. Some difference between five or six a day and fifty or sixty a day.

We trust that the Los Angeles papers will kindly copy this.

KNIGHTS TEMPLAR PLAN WORK

The first meeting of the Glendale Commandery of Knights Templar since the influenza epidemic, was held Monday night. The Commandery is planning to resume the monthly dinners that have been interrupted along with the other work, and will probably announce some affairs of a social nature soon. Among other things they expect to have a turkey dinner soon, the date to be announced at the next meeting.

This lodge has been fortunate in the fact that it has lost no members in the recent epidemic.

DON'T STOP SAVING FOOD.

ELKS HONOR DEAD

At the meeting of Glendale Lodge No. 1289 B. P. O. E., held last Monday night, the first following the influenza epidemic, a large part of the program was given over to the memory of the five members of the lodge who have passed away since the last meeting. All of these were victims of influenza. Two were in Uncle Sam's service, Clarence Ball, who was at a camp at Gettysburg, Pa., and J. H. Sergent, who was attending an officers' training camp at the Oregon State University. The others were George Lacour, of La Canada, L. F. Kirri and Lister Silva.

William C. Wattles, captain of the drill team, made an address in honer of the deceased, as did also James Neill.

Next Monday night has been announced as being the annual "Turkey Night," and it is expected that every member will take home a turkey for his Thanksgiving dinner.

MRS. LEO D. HYER TAKEN SUDDENLY

Tropico residents were shocked and saddened Wednesday by the announcement of the death of Mrs. Maud Hyer, who died at 11:00 a. m. that day at her home on Gardena avenue, as a result of the common scourge, influenza.

Our issue of last week made mention of Mr. Hyer's illness, as well as that of the little daughter. These two have recovered, but Mrs. Hyer was taken sick on Saturday and nothing serious was feared until Wednesday morning, when the end came most suddenly, the physicians say on account of heart weaknes.

Private funeral services were held Thursday afternoon at 3 o'clock, at the Scovern-Letton-Frey chapel, and and burial made in Forest Lawn Memorial Park. Rev. Munger, pastor of the Tropico M. E. Church, officiated.

Mrs. Hyer was the eldest daughter of L. L. Baker and wife, of Brand Boulevard, who, with her two sisters, Mrs. Warner West and Mrs. Charles Klamm, and three brothers, Allen, Leland and Roger, have constituted one of Tropico's most ideal and happy families. These, with the bereaved husband and little daughter, have the truest heartfelt sympathy of the entire community.

Dr. George A. Watson, of Los Angeles, and Rev. John Adams, returned missionary from India, were guests of Mr. Henry Grauel.

Mrs. J. W. McMillen was the guest of Mrs Frederic Anderson, of Los Angeles, for dinner on Saturday.

✚ RED CROSS NOTES ✚

Miss Ellen B. Churchill, salvage chairman of Tropico Branch, reports a credit of $96.59 in that department for month ending November 10th.

All indications point to the early opening of a salesroom in connection with the Salvage Department, in the old Mercantile block on San Fernando Road. Donations of any sort will be greatly appreciated, especially articles for the Christmas season and children's toys.

Don't forget the "junk" end of it either, and save the old iron, rubber, bottles, newspapers, magazines, and clothing, as usual.

110½ tons of clothing were packed and shipped to the Belgian Relief as result of the drive the week of September 23. The contribution from the Tropico Branch of the Red Cross was 1360 pounds, for which the chairman has been asked by the Los Angeles Chapter to extend its appreciation to all those who through his or her efforts helped to send this drive "over the top."

PROCEEDINGS OF BOARD OF TRUSTEES

The Board assembled at 8:30 p. m. Thursday, with all members present. The minutes of the last regular meeting of November 14th, and also of the adjourned meeting of November 16th, 1918, were read and approved.

An application was presented from Kenneth Whaley for permission to hunt and shoot within the City limits, particularly in the neighborhood of Glendale wash and the foot hills, and upon the motion of Trustee Henry the same was ordered to be granted.

An application was filed from C. A. Beeson and son, of Lancaster, California, for permission to operate auto trucks through and upon the streets of the City of Glendale over the applicant's established route between the City of Los Angeles and the town of Lancaster. On motion of Trustee Muhleman the same was referred to the City Attorney for an opinion as to whether any such permit is required.

An application was read from L. H. Garwood requesting that he be re-instated as motorcycle officer for the City of Glendale. There were present in the audience a considerable numbr of Glendale citizens representing the auto industry, and in behalf of those present Mr. S. C. Packer and Dr. Steelman addressed the Board, requesting that the petition of Officer Garwood for reinstatement receive the favorable action of the Board. Trustee Henry made a motion which was seconded by Trustee Jackson that the request of Mr. Garwood be granted and that his services be retained at least until January 1st, 1919. Trustee Muhleman offered a substitute motion, which was seconded by Trustee Shaw, to the effect that the matter be referred to the committee of the whole. Said substitute petition being voted upon was adopted by the following roll call, all voting aye, Henry, Jackson, Muhleman, Shaw, Woodberry. A vote on the original motion to refer to the committee of the whole was then adopted, all voting aye.

Mr. McFarland, Attorney for the Glendale & Montrose Ry. Co., appeared before the Board in regard to a franchise which that company desires to secure combining in one franchise the two franchises of the road; desiring also to change the description of the right-of-way so as to agree more exactly with the present conditions. The matter was discussed informally, but no action was taken.

Arthur M. Loomis, the accountant who had been employed to audit the books for the City government for the fiscal year ending on June 30th, 1918, submitted his typewritten report in triplicate and the same was referred to the finance committee.

The Clerk called the attention of the Board to the affidavit of Ella C. Welch, a soldier's widow, only recently filed, in which she claimed exemption from taxation of her property to the extent of one thousand dollars as provided for by law. On motion of Trustee Muhleman it was ordered that the affidavit of Mrs. Welch be accepted and the tax exemption made as if filed in strict accordance with the law, by the following roll call, all voting aye, Henry, Jackson, Muhleman, Shaw, Woodberry.

The City Manager reported that the County of Los Angeles had sold a portion of its flood control bond issue and as a result the sum of $20,000.00 had been provided for work in which the City of Glendale is directly interested. In connection with this proposed work of flood control the City Manager recommended that a certificate of title be prepared and furnished Mr. Walker for the lot which is to be conveyed to him by the city in exchange for a lot in the wash owned by Mr. Walker. In this connection the City Attorney had previously prepared a resolution covering the case and providing for the payment to Mr. Alfred G. Walker of the sum of $——— in cash in connection with the exchange referred to above; providing further that the deed to this property be made to the Los Angeles Flood Control District; being a certain strip of land referred to as Tract No. 2 described in the resolution. On motion of Trustee Henry this resolution was adopted as resolution No. 1050 by the following roll call, all voting aye, Henry Jackson, Muhleman, Shaw, Woodberry.

The City Manager reported upon the unsatisfactory service recently given in the collection of garbage and that steps had been taken to remedy the defects of this system. He further reported briefly upon street repairs and the emergency hospital. His statement in regard to the latter shows that the hospital has at present five patients, requiring the services of the one nurse and a helper who are at present employed.

The City Attorney reported that the case of Mrs. Priscilla Houdyshell against the City had been settled and the action dismissed.

In regard to the complaint filed by the City Clerk with the Board in regard to the fact that certain fees due to him as registrar of vital statistics had been held up by the County Auditor, he had taken up the matter with the Auditor of the County, who had finally agreed to pay over the money in accordance with the City Attorney's interpretation of the law.

On motion of Trustee Henry it was ordered that when the Board adjourn it would be to meet at 8:00 a. m. on Tuesday, November 26th, 1918.

Adjourned.

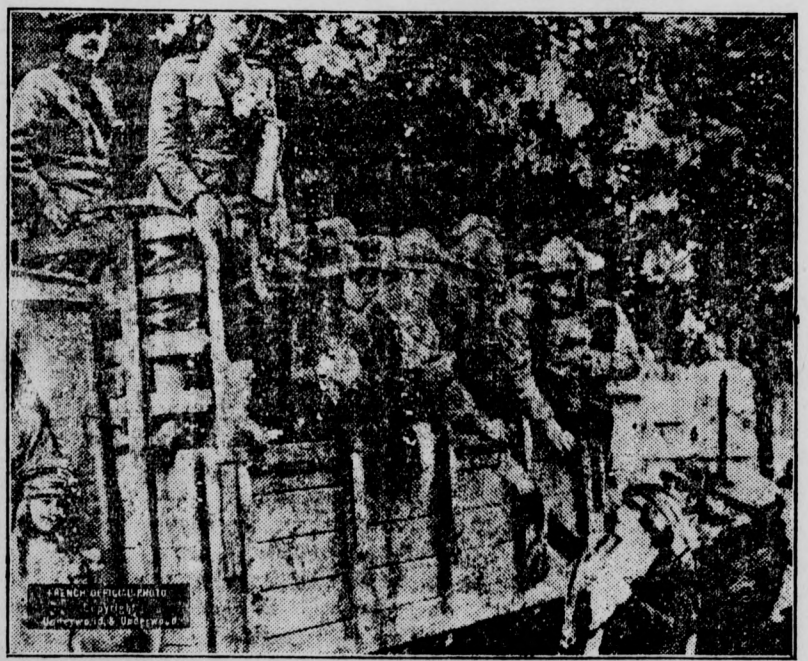
WRECKED HOUSE HIDES BIG FRENCH GUN

From the ruins of one of their own shell smashed homes, the French hourly train the guns that scatter death in billets and columns of marching troops behind the Hun lines.

Fourth Liberty Bonds are the best insurance that American homes will not thus suffer.

MOTORS SPEED THEM TO FRONT



Motor trucks by the tens of thousands have made the great war different from any other in adding mobility to the opposing armies. Where preparation for battles in previous years required days, hours are now necessary. Since taxicabs won the first battle of the Marne, gasoline and rubber have been increasing factors.

Some of the American troops in recent battles, perhaps those shown above in a momentary halt in a French village, have traveled thirty hours with hardly a stop for rest.

Your subscription to the Fourth Liberty Loan will add to the certainty that some day troops will not reach a fight too late to win it.

"WAR SAVINGS STAMPS mark an epoch in our NATIONAL LIFE.—Secretary McAdoo.

No trouble to buy, cheap, convenient, a real investment—WAR SAVINGS STAMPS

"WAR BREAD" DAYS NO LONGER NECESSARY

Pure Wheat Flour May Be Used—Sugar Rations Increased December 1.

All restrictions on the use and the purchase of pure wheat flour have been officially removed by the United States Food Administration. The days of war bread are over. The housewife need no longer purchase substitute cereals with her wheat flour, and the grocer has been relieved of regulations known as the 80-20 rule, which required him to sell one pound of substitutes with each four pounds of wheat flour. Bakers are now permitted to bake pure wheat products for the first time since December 10, 1917, when they were placed under license by presidential proclamation.

The restrictions on wheat flour were removed with the signing of the armistice with Germany. That automatically released shipping, which made wheat available in India, Australia, South America and other countries, and relieved the pressure on the United States. The American public, whose voluntary sacrifices in food saving were of inestimable value in winning the war, was released from the "war bread" pledge as soon as improved circumstances warranted in accordance with the promise of the Food Administration.

Sugar Ration Increased.

Beginning December 1st the sugar ration per person per month will be increased from three pounds to four pounds in California and several other states where beet raising, beet and cane sugar factories insure adequate supplies to warrant the increased allotment.

After that date grocers may sell four pounds per person per month; restaurants may serve four pounds for each ninety meals, while bakers and manufacturers will be given increased allotments. Just what the increase to these classes of users will be has not yet been definitely determined.

WANTED—Washings at home. Cheaper and as good as any laundry. No strong chemicals used. Glendale 966-M. 1011 E. Acacia Ave.

PEACE PROGRAM CALLS FOR INCREASED SAVING

Starving Millions Now Look to America's Open Pantry for Sustenance.

America's intensive food conservation program must not cease in order that we may continue our world leadership along humanitarian lines and serve all starving and demoralized peoples, not only of neutral countries, but the liberated peoples of those governments which no longer threaten the peace of the world, according to advices received from Food Administration officials at Washington.

Food has become the greatest "unarmed policeman" ever known. It is vitally necessary to save bloody anarchy from over-running a large portion of Europe. It is the tranquilizer—the one thing that will make it possible for peace and reconstruction to prevail among those nations which have fought and bled for more than four years while conducting the most awful war humanity has ever known.

America has become the food reservoir of the world. Starving millions look to us for sustenance, and we are pledged to send it. More than 200,000,000 people additional have been added to those to whom we agreed to send approximately 17,500,000 tons of food stuffs this year. Peace, now indicated by the signing of the armistice with Germany, as a possibility of the very near future, has not added one pound of food to the world's resources and no further crops in those stricken countries are possible until next spring and summer.

Our last year's food shipments aggregated about 11,500,000 tons. Our war program called for the exportation of 17,500,000 tons prior to June 30 next, while our peace program calls for nearly 20,000,000 tons. By comparing this vast amount with our average pre-war shipment of less than 5,000,000 tons, it can readily be seen that to fulfill our pledge to aid literally millions of starving women and children, on whom America never made war, will mean greatly increased production, accompanied by intensive food saving all down the line; the absolute elimination of waste and extravagance in the kitchens and on the tables of the homes and the substitution of home-grown products and perishables as much as possible for those staples which can be readily exported.

Saving from now on should chiefly be directed to fats of all kinds, dairy products, which include cheese and butter; meats, sugar and all other staple commodities. None is asked to sacrifice health or happiness in this new program of saving, but merely to exercise thought and care in the preparation and use of foods which can be exported to the famished people of Europe, who look to us for their salvation and relief from hunger and distress.

While the war is over, the need for conservation remains in order that the American people may take their place as the "Big Brother" of the oppressed and the suffering, and the Government confidently expects that the new appeal to the humanitarian feelings of the nation will be as effective as was the food appeal based on the slogan, "Save Food to Win the War"
